New lifts join the system for 2018/19

' 4 BECOMES 5 '

The **NEW** Sonnberg lift opening December 2018 now connects the village of Maria Alm to the Abergbahn valley station.

The lift extends 1100m from the Abergbahn valley station to the top. The Sonnberg 10-person gondola will deliver skiers to the top in around 4 minutes.

The NEW upgrade will now link the current Natrun lift to the circuit making it possible to start the Königstour ski circuit directly from Maria Alm village (approx 400m from Chalet Panorama).

Königstour "Ski Safari": The Königstour offers 32km of connecting-piste from the Aberg through to Mühlbach - ideal for skiers or boarders wishing to explore further. You can link to the circuit from the Aberg summit by taking the Blue 10 leading to Kröllalm. From here follow the red down to Hintermoos and connect with the new Smalco gondola to the summit at Hinterthal.

The linked circuit continues from here down to Dienten on Red 21, a long run which is excellent for skiers who wish to test their carving skills.

The high speed 6-man chair (replacing the never-ending T-bar) takes you from Dienten up to the summit at Burglalm, then continue on Blue 14b towards Hochkonigalm. Head up to the Sunnhütte summit and enjoy the variable blue options down.

Take the chair lift to the highest point, Schneeberg at 1921m. From here there's the choice of cruising down Blue Route 1, Red Route 3, or for skiers who want more of a challenge, try the exhilarating Black Route 1 into Mühlbach.

Village Slopes: The nearest lift is around 400m (5 minutes walk) from Chalet Panorama and serves the Natrun beginners slopes. From the top of the Natrun area, the NEW Sonnberg lift takes you directly to the Aberg mountain where there is a high speed gondola to the summit. This is the starting point of some intermediate runs through the pine forest or directly back down to the village. This area is recommended for beginners and for those first days on the slopes.

Aberg Mountain: From this point, there are a good range of beginner runs down, or you can take a four-man chair from the mid-station up to the summit at 1900m, where there is a choice of blue, red or black runs including a red run to Hintermoos, the connection point for the other 3 valleys - Hinterthal, Dienten and Mühlbach.

Ski Room: The ski and boot room is located on the lower ground floor. Please use the separate access door at the side of the chalet. There are heated boot racks!

Ski Boots: The wearing of ski boots is not allowed at any time in any part of the chalet, (except the lower ground floor). Please do not enter the chalet in boots at the main entrance – use the back door with access to the cellar.

Ski School: We recommend the Edelweiss Ski School who provide private instruction for either skiing, snowboarding or group tuition. There is also a local kindergarten for children over the age of 4 years. Please ask us for prices and further details.

Apres Ski: Maria Alm offers a reasonable variety, including tobogganing, horse drawn sleigh rides, night skiing (on the slopes directly opposite the chalet) as well as a selection of lively bars and excellent restaurants.
